

EXTRA VIRGIN OLIVE OIL

Superior category olive oil extracted from olive tree fruit solely via mechanical or other physical means under particularly thermal conditions that do not generate any alterations in the oil and thus, has not undergone any treatment other than washing, decantation, centrifugation and filtration.
Our extra virgin olive oil is a Coupage of different varieties; we combine them to get a sensational olive oil.

SENSORY ANALYSIS

Our extra virgin olive oils are characterized by its fruity and intense aroma, with a stable flavour, neither too bitter nor too spicy. These characteristics make our extra virgin olive oil a tasty and popular product, that everyone like.

USE IT FOR

It has hundreds of uses, especially for cosmetics and beauty uses and for cuisine. Focusing on culinary aspects, we can use it for everything: in raw, for salads, dressings and sauces, grilled bread. For cooking: fish, meat and vegetables get a richer taste. For frying, as this is the healthiest oil, it holds high temperatures and food does not absorb the oil.
