

POMACE OLIVE OIL

Oil comprising exclusively of oils obtained by treating the product obtained after the extraction of olive oil and oils obtained directly from olives. This oil is considered the second best oil after olive oils, it is healthier than other seeds oils used for cooking. We recommend it as economic and healthy oil.

USE IT FOR

We recommend using this oil for cooking and frying. It is also used for preparing canned food. It has a stable flavour and aroma. When frying, it supports better high temperatures than other seeds oils such as soya, sunflower, palm, etc. and it also absorbs less fats.

NUTRITION FACTS
